COURSE DESCRIPTION

The purpose of the meeting is to present state-of-the-art knowledge in cardiology with a clinically-based approach. The scope of the program is broad and will cover a wide spectrum of Cardiovascular Medicine but generally focused on prevention of coronary disease, stroke and sudden death. Expert faculty will present practical clinical approaches to diagnostics and latest management strategies of challenging and controversial topics in cardiology.

TEACHING MATERIALS/SYLLABUS

Attendees will be provided a link to obtain course materials on the internet, and are welcome to bring a laptop or iPad during the learning sessions.

COURSE LEARNING OBJECTIVES

Upon conclusion of this program, participants should be able to:

- Identify basic and advanced screening strategies to identify CVD risk in clinical practice
- Select evidence-based lifestyle and medication management strategies to manage CVD risk factors
- Recognize indications for and impact of medication and surgical management of obesity
- Cite the critical steps in management of patients with known CVD, including CAD, heart failure, atrial fibrillation, stroke, valvular heart disease, thromboembolic events
- Recognize effective methods to identify and manage CVD risk in younger and older athletes

Attendance at this Mayo course does not indicate nor guarantee competence or proficiency in the performance of any procedures which may be discussed or taught in this course.

INTENDED AUDIENCE

This course is intended for healthcare professionals in practice or in training who are interested in preventive cardiology. This may include physicians, nurse practitioners, physician assistants, nurses, exercise specialists, dietitians, health coaches, and others.

CREDIT

Mayo Clinic College of Medicine and Science is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians.

Mayo Clinic College of Medicine and Science designates this live activity for a maximum of 20.5 *AMA PRA Category 1 Credits*[™]. Physicians should claim only the credit commensurate with the extent of their participation in the activity.
